

✧ State of Iowa Physics Competition ✧

2020

Certification of Compliance with Rules

In the true spirit of a STEM competition for students, we certify that the device we are entering in the State of Iowa Physics Competition, 1) was built new this year by students; 2) contains only materials as specified in the rules; and 3) was not constructed from a commercial kit.

Please label all devices (mousetrap cars, catapults, and/or bridges) and Soda Straw design sketches with the names of competing students and the name of their school.

Teacher Name (Please Print) and Sign
